BOARD

The screenshot shows the Jira Software interface for an Agile board. The browser address bar indicates the URL: `team-16687476886831.atlassian.net/jira/software/projects/AFHHCD/boards/1`. The Jira navigation bar includes 'Your work', 'Projects', 'Filters', 'Dashboards', 'People', and 'Apps', along with a 'Create' button and a search bar.

On the left sidebar, the 'Analytics for Hospitals...' project is selected, with the 'Board' view active under the 'PLANNING' section. The 'DEVELOPMENT' section shows 'Code' as an option. At the bottom of the sidebar, it notes 'You're in a team-managed project' with a 'Learn more' link.

The main board area displays the project name 'Analytics for Hospitals Health-Care Data' and the board title 'board'. A search bar and filters for 'SS', 'PT', and 'SM' are visible. The board is organized into three columns: 'TO DO', 'IN PROGRESS', and 'DONE 2 ISSUES'. The 'DONE' column contains two issues: 'Data Exploration' (AFHHCD-7) and 'Data Visualisation' (AFHHCD-8), both marked as completed with checkmarks and status icons.

A 'Quickstart' button is located in the bottom right corner of the board area. The Windows taskbar at the bottom shows the search bar, various application icons, and system information including the temperature (29°C) and date/time (11:01, 18-11-2022).
